* Wednesday Quality Days can be switched with Thursday if you are not sufficiently recovered after the Tuesday Workout.

* A midweek race (as are common during high school seasons) can replace a VO₂ or LT session, but if they fall on the day of an RE workout, move the RE workout to the other Quality Day.

* Any Saturday race can be replaced with a race of 2 miles to 10km, but they should be supplemented with 30 to 45 minutes of Aerobic Base running after the race as a cooldown and to aid recovery.

A=Aerobic Base Training

VO₂=VO₂ Max Development

LT=Lactate Threshold Development

RE=Running Economy
